## Explanation Demanded Of Nicaragua's President

WASHINGTON, Nov. 18.—Official Washington, from President Taft down, is aroused and indignant at the reports received here from Nicaragua. The tone of the dispatches sent to Nicaragua indicate the recognition of the revolutionists as a party to be dealt with officially by the American government, this being the first recognition accorded them since the outbreak of hostilities.

PANAMA, Nov. 18.—Dispatches received here today from Nicaragua state that President Zelaya has taken advantage of the victory of his troops on Wednesday to start in with an extermination of those suspected to be in sympathy with the revolutionists. Immediately after the troops of General Remero had been driven back toward Bluefield, with their leader slain, the population of the captured district was rounded up by the government troops and the men tried at drumhead court-martial, together with what prisoners had been taken. All were convicted of treason and ordered shot, the executions taking place without delay. The firing squads shot to death nearly 500 men, prisoners and non-combatants alike. Two American citizens were among those executed.

## ATTEMPTED DYNAMITING

MANAGUA, Nov. 18.—Cannon and Grace, the two Americans executed today by order of President Zelaya, were not executed without a trial, having been given a hearing at court-martial. The charge against them was that of having taken an active part in the revolution against the government and of having attempted to destroy with dynamite a government steamer laden with government troops, bound for the front.

## LEADER QUITS CHURCH

BOSTON, Nov. 18.—A crisis has arisen in the affairs of the First Church of Christ, Scientist, the church built by Mary Baker Eddy, the founder of the Christian Science faith. This is the mother church of the cult and it is the first reader, the leader, who has precipitated the schism. This is Mrs. Augustus Sisson, one of the most prominent Christian Science Leaders, and the outcome of the trouble has been her excommunication, which was declared today.

## VOLCANIC PEAK RISES FROM SEA

MADRID, Nov. 18.—A volcanic peak has risen in the sea near the island of Tenerife, Canary Islands, and is in a state of volcanic activity. The inhabitants of the island are terrified and have sent out an appeal for help. Three relief ships have been despatched and it is probable that the majority of the people of Tenerife will leave their homes.

## CROOKED INSPECTORS LET OUT

NEW YORK, Nov. 18.—Collector of the Port Loeb today dismissed six customs inspectors, suspected of complicity in the recently discovered customs frauds. It is believed that a general cleaning up of the customs force will be made and that at least fifty more dismissals will follow.

## NOTED EDITOR DEAD

## Six Years of Reform School For Markham

Juveniles inclined to stray from the straight and narrow path of rectitude and honesty are having troubles of their own these days. A youthful Hawaiian named Kahauna spent a rather disagreeable hour with Deputy Sheriff Charles Rose this morning. The lad is accused by a number of Japanese with having made away with various sums of money while they were away attending to business. Suspicion fell upon several youngsters who have been seen frequenting the neighborhood and during the sweating process Kahauna was charged with the theft.

The Hawaiian stoutly maintained his innocence before the officers but he was given a brief season for undisturbed meditation in the tanks. Ed Markham is another youth who has fallen under the ban of displeasure to police circles. He was hauled before Judge Whitney in the Juvenile Court and was found guilty of stealing a number of hats of Panama manufacture which were left with a local hat cleaning establishment for renovation.

In attempting to dispose of the high class headgear Markham was apprehended by the officers. He is a lad of about fifteen years of age and his sentence calls for his remaining at the reform school until he becomes of age. Markham has about seven years' residence at the reformatory to contemplate as the result of his tendency to pilfer.

A light canvas-top buggy, lying smashed to pieces on Beretania avenue near the McKinley High school, gives mute evidence of a serious run away during last night.

## Mr. Ho Fon Writes That He Is Not Promoter And Fraud

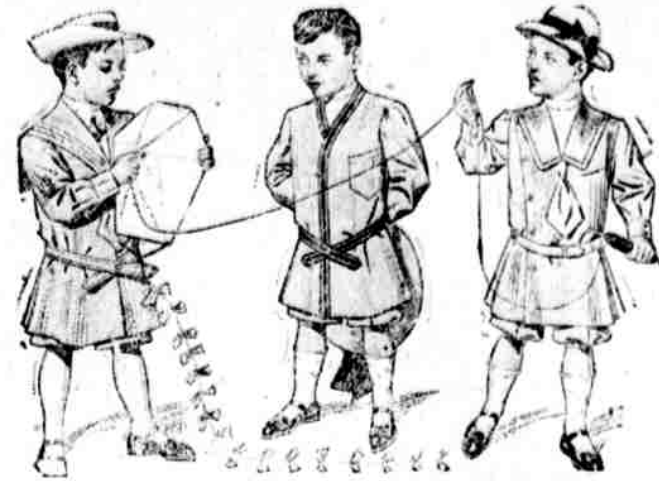

Editor Evening Bulletin:—In this morning's issue of the Advertiser the following article appears:

"It was stated by mistake yesterday that the promoter of the Sun Chun Kwok Bo was in piliikia. It should have been the Mon Sang Yat Bo, the Chinese newspaper whose promoter, Ho Fon, must now pay to the subscribers the stock money they subscribed. The charges of fraud against him were based on the grounds that the money collected for stock was all spent, although the company was never incorporated."

And in reply thereto I beg to state as follows:

I have lived in the Hawaiian Islands for the period of thirty-three years, and Wai Chew is the first one who ever brought suit against me. It is stated in the article that I was the promoter of the Mon Sang Yat Bo and that the suit was brought against me for fraud. Allow me to state in the beginning that I am not nor have I ever been a promoter of the Mon Sang Yat Bo, but have simply been employed as the manager of this newspaper at a regular monthly salary; and, moreover, the suit brought against me in the District Court by Wai Chew was for commissions alleged to have been earned by him, in securing ad-

vertisements for the newspaper and had nothing to do with any money subscribed by stockholders. In as much as I never employed Wai Chew, either personally or as manager, I did not see my way clear to accede to his demands, and therefore contested the case in the District Court. If I had employed him I would most certainly have paid him, for I do not believe I have earned the reputation in this community for evading payment of a just claim. I would furthermore state that I am not now, nor never have been, the treasurer of the Mon Sang Yat Bo, nor has any of the money of the subscribers of stock ever come into my possession. On the contrary, the newspaper is now indebted to me for my services as manager in the sum of \$114.69, which I have been unable to get. Trusting that you will give this letter publicity, I beg to remain, Yours very truly,

HO FON.
